

About me

I am a highly motivated Full-stack JS middle developer with about 4 years of experience. As an innovative mindset, I am always eager to utilize my skills and knowledge to develop cutting-edge solutions that meet the needs and expectations of my clients. Being able to work both independently and in a team environment has provided me with valuable experience, which I integrate into my problem-solving skills. My strong communication capacity enables me to work effectively with other team members.
